1 Tender Overview

1.1 About Oman Global Logistics Group

The Sultanate of Oman has commenced activities to consolidate its various government-owned companies into several holding companies grouped by type of business or industrial activity. Logisticss has been identified as one of those key focus industries.

Oman Global Logisticss Group (ASYAD) has been set up to consolidate the government owned Logisticss companies (except the air sector). ASYAD has a mandate to develop Oman's Logisticss capabilities and to foster investment opportunities in the Logisticss sector.

ASYAD subsidiaries – only those that ASYAD owns 50% + ("the Group") involved in the Logisticss sector including: 3 ports, 3 free zones, 1 economic development company, 2 shipping and 2 ship management companies, 1 dry dock company, the post office, the bus company, the railway and potential additions to the list.

Oman plans to establish itself as a premier global Logistics hub by taking advantage of its geographic location at the cross roads of trade midway between Asia and Europe, along with connections to East Africa, the Indian Subcontinent and Iran. By using overland highways and rail service Oman will become a natural gateway into the GCC Countries avoiding the politically sensitive Straits of Hormuz and reducing the distance ocean carriers must travel to reach Ports in the Arabian Gulf.

ASYAD has also been tasked with implementing the National Logisticss Strategy (NLS), formerly known as Sultanate of Oman Logisticss Strategy (SOLS).

The successful implementation of NLS will enable Logisticss to become a major contributor to the Oman economy, facilitating economic diversification, creating significant new employment opportunities and delivering improved performance rankings in key world operating indices. Thus the result of NLS will make Oman a major global Logisticss hub, leveraging its geographical advantages along with its significant recent investment in its Logisticss infrastructure.
